Today, ADAPT is a hub for innovation and research in the fields of labour relations and the labour market. We have managed to attract talent, innovators, and forward thinkers, either from Italy – some 500 people if we consider our young talent scouting system and grant recipients – or overseas (countries include: Iran, India, China, Russia, Japan, USA, Argentina, Brazil, Mexico, Colombia, Peru, Cuba, Honduras, Morocco, South Africa, Congo, Ethiopia, Namibia, Austria, Spain, and France).

During the past ten years we experimented with an innovative and a unique approach to education. In this sense, we are the only institution that, at this stage of education, has attempted to implement the dual system. This way, we intend to carry forward the objective pursued by Marco Biagi, the founder of our School: promoting change through a new way of carrying out research, and educating people who are able to think and act “differently” and not just devise laws with no application in everyday life.

The results achieved speak for themselves. Through the School, we have succeeded in financing more than 250 scholarships and as many as 100 apprenticeship contracts for research purposes. Further, and also thanks to our partners and newsletter readers, we have been able to raise funds worth more than €10 million that have been used for contracts, grants and scholarships for our young students.

Adapt International Network

ADAPT is a non-profit organisation founded in 2000 by Prof. Marco Biagi with the aim of promoting studies and research in the field of labour law and industrial relations from an international and comparative perspective. Our purpose is to encourage and implement a new approach to academic research, by establishing ongoing relationships with other universities and advanced studies institutes, and promoting academic and scientific exchange programmes with enterprises, institutions, foundations and associations. In collaboration with the Centre for International and Comparative Studies on Law, Economics, Environment and Work, (DEAL) the Marco Biagi Department of Economics, University of Modena and Reggio Emilia, ADAPT set up the International School of Higher Education in Labour and Industrial Relations, a centre of excellence which is accredited at an international level for research, study and postgraduate programmes in the area of industrial and labour relations.
